C. D. S. Finale Great Success

The Champion Dramatic Society held their final blow out in the form of a banquet, dance and floor show.

The banquet commenced at 8 P. M. at which time a delicious unch was served to the 80 people by the Ladies Aid. After the supper enjoyed by everyone speeches were given by President George Hargraves, Mayer Henderson, Rev. Peter Dawson Past President S. Linstead and Mr. George Campbell.

A toast to the King given by Presedent Hargraves was quite in keeping with the times while Mr. Campbell's toast was the ladies being very appropriate

The banquet closed with the song of God Save the King

Immediately following the banquet the dance and floor show began. A large crowd enjoyed an exceptionally well done floor show which consisted of numbers from Champion and Vulcan. The floor show ended at 12 P.M. at which time an hour intermission was held for supper. Dancing was then continued from 1 to 3, music being supplied by Turles serenaders of Vulcan

Great Lakes Cruises Delightful Holiday

A delightful break in the long trans-Canada rail journey and perfect summer cruises are combined in the services offered by the Canadian Pacific Great Lakes steamers. Two gleaming white ships, the "Assiniboia" and the "Keewatin" make convenient connections at Fort William and Port McNicoll, terminal points for their water journey of 542 enchanting miles, and cruises are operated especially for vacationists who like the charm of the vast inland seas.

These two fine passenger ships travel westbound on Wednesdays and Saturdays; eastbound on Saturdays and Tuesdays. The route of these "Circle Cruises,"

from June 15 to mid-September, is most interesting. Westbound from Port McNicoll, the ship glides through beautiful Georgian Bay, past Manitoulin Island, and into Lake Huron. It sails up St. Mary's River, through Sault Ste. Marie to Lake Superior, largest of the Great Lakes, to Fort William.

The schedules provide for popular week-end cruises from Sault Ste. Marie or either terminal point, half the length of the full cruise.

Other delightful five-day cruise trips are made by the spacious cruise ship "Manitoba," 303 feet long, 2,616 tons and of steel construction. These cruises from

July 1 to August 26 are from Owen Sound and Port McNicoll to Port William but the route is via the North Inside Channel of Manitoulin Island and there is a special stop at Mackinac Island, rich in stories of early explorers and fur traders.

Shipboard activities on all these vessels are patterned on those of an ocean liner — morning bouillon, afternoon teas, midnight snacks, impromptu parties, masquerades, dances and moonlight promenades on deck. Pastimes include shuffle-board, deck quoits and other sports. The ships are equipped with spacious decks, cozy lounges and airy staterooms — the last word in luxurious comfort.

Need Of Religious Teaching

Fredrick T Birchall, internationally known journalist, commenting upon the difference in national outlook between the Canadian and German people stated "You are a God fearing people" and stressed the point that he had been impressed while in Ottawa by witnessing the faithful attendance at the Presbyterian church of Prime Minister McKenzie King, the equal devotion of Rt Hon Ernest Lapointe and Dr Manion and family at the Catholic Church, the minister of Finance at the Baptist Church and Hon James Gardiner and family at the United Church. The unfaltering religious devotion of these leaders was but typical of the people. The contrast had startled the trained observer.

It is not sufficient to dwell upon the wonderful heritage which we possess under the British flag of being able to attend the church of our belief. We are afraid that it is the spirit of indifference to religious things which makes possible the rise of pagan nationalism, such as we see in Germany and Russia. The churches in Champion and Carmangay are open to all and call you to hear Christ's teachings. Be one to attend.

Beautify Your Home

The old saying that a home is not a home until it is planted is true today as ever. Every unplanted home in Canada can be more attractive by the judicious use of trees, shrubs, vines, flowers and a well kept lawn.

We are influenced by our surroundings to a greater degree than we sometimes realize. Children are particularly sensitive in this regard. Surely a home in and around which flowers are grown is a better place to bring up children than a home where no attention is paid to these friends of the plant kingdom. If children are taught to love flowers and become familiar with them they will be less room in their hearts and minds for the things that hurt and destroy.

German Contraband

It has been made a punishable offense under the War Regulations Act to smuggle letters, newspapers, clippings and other articles in or out of Internment Camps in Canada, according to an order issued recently by Hon Ernest Lapointe, Acting Secretary of State. This became necessary after various attempts were made to evade camp censorship. Contravention of this order will be punished on summary conviction by a fine not exceeding \$500 or twelve months imprisonment. Conviction under indictment allows for a fine not exceeding \$5,000 or five years imprisonment.

"Mutiny On The Seas" Plays over C.F. A.C.

Here's a suggestion! No doubt all the boys and girls have been listening to that thrilling saga of the seas, "Mutiny On The Seas", which comes over CFAC each Thursday evening, 6:30 7:00 pm. The current series, entitled, Mutiny on the Bounty, is the stirring adventure of the most famous of all mutinies, that which occurred aboard His Majesty's Ship, The Bounty, in the South Pacific, in 1789. The drama unfolds rapidly, each highlight of the play being handled with both colorful vividness and with a careful attention to historic fact. Following each episode of this outstanding story, is a meeting of the Red Rose Stamp Club, in which the Stamp Explorer tells of the romance and adventure which lies between so many of the stamps of the world.

Why not form a Stamp Club in your locality? Many boys and girls are enjoying this Stamp Club, and finding real fun in gathering stamps and classifying them, and placing them in the big Red Rose Stamp Album.

ENGLAND IN THE 12th CENTURY

The development of the art of brewing as we have traced it since the Egypt of 500 B. C., through the period of the Greeks, Roman, Spaniards, Gauls and German, all have adopted beverages made from barley, we now come to early English history: William of Malamesbury informs us that in the Reign of Henry II the monasteries were remarkable for the strength and purity of their ales, brewed from malt prepared by the monks with great skill and care.
